

Balcrank

Fluid Dispensing Systems

If pumping oil is critical to your operation,
the **Panther® HP** is the essential pump for you!

Balcrank has been manufacturing lube equipment for over 100 years. The Panther® HP is the latest design and includes, as standard, all of the best features available on lube pumps today. These pumps offer made in America quality at a reasonable price.

- **Pressure relief - built-in safety feature reduces premature wear of hoses and seals**
- **Mechanical driven air valve is more reliable**
- **Designed for lower air consumption - extends compressor life**
- **Built in pump exhaust - results in quiet operation and eliminates icing**
- **Stainless steel pump rod - reduces corrosion and extends seal life**
- **Consistent fluid flow with greater dispensing accuracy**

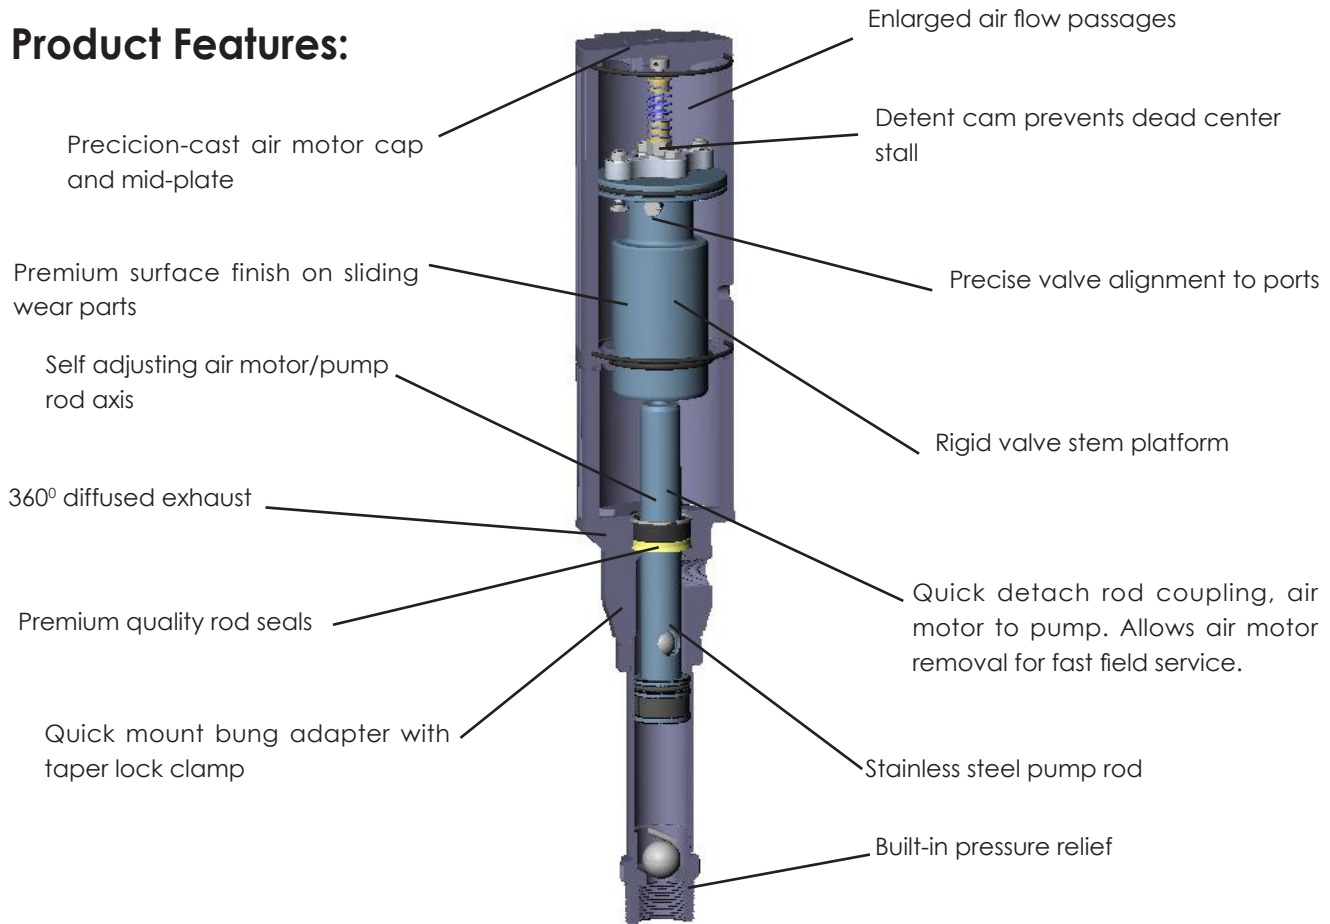

Fluid Dispensing Systems

for the Industrial, Commerical & Automotive Industry

Panther[®] HP Oil Pump

The Panther[®] HP's modular design, tight tolerances, and exclusive materials combine to produce the best Balcrank pump yet. The Panther design has been tested to 5 million cycles before needing any type of maintenance. A built-in pressure relief system is a standard safety feature. The Panther[®] HP has a stainless steel pump rod that resists the corrosion that shortens the life of other pumps. The extra long life, safety and performance features of the Panther[®] HP make it the best choice for any operation where pumping motor oil is critical to success!

Product Features:

Panther[®] HP Pumps & Outfits

1130-015 - 3:1 Carbon Steel Stub
1130-016 - 5:1 Carbon Steel Stub
1130-020 - 3:1 Carbon Steel w/ Bung Adapter
1130-021 - 5:1 Carbon Steel w/ Bung Adapter
1131-007 - 3:1 Wall Mount Outfit
1131-008 - 5:1 Wall Mount Outfit
 (Includes pump, mounting bracket, air hose, fluid hose, and suction tube)

1131-009 - 3:1 Drum Mount Outfit
1131-010 - 5:1 Drum Mount Outfit
 (Includes pump, bung adapter, air hose, and fluid hose)
1131-013 - 3:1 Portable Outfit
1131-014 - 5:1 Portable Outfit
 (Includes pump, bung adapter, fluid hose, suction tube, mechanical control handle, drum cover, and dolly)
