

November 18, 2022

Over the years we have received requests for product substitutions on our Roth tank packages. Substitutions cause obstacles for our customer service group and ultimately, delay orders. For this reason, we have created 3 new Ala Carte packages.

1135-165 ROTH TANK PKG. 165G. ALA CARTE - \$3,151 LIST PRICE
1135-275 ROTH TANK PKG. 275G. ALA CARTE - \$3,490 LIST PRICE
1135-400 ROTH TANK PKG. 400G. ALA CARTE - \$6,353 LIST PRICE

These packages will be shipped complete less the pump, downtube, reel, and control handle. You will be able to select which of these components you would like to have with the package (options are listed below). The packages will not be assembled. These items will ship in their original packaging along with the remainder of the tank package. We have deducted the price of the above components from the package price therefore whatever your component choices are, they will be added to the entire package/order as separate line items. Based on the pump choice and tank size, downtube selection by pump is listed below.

Roth Tank Package Downtube Selection

	Lynx 3:1	Lynx 5:1 HD	Panther
165 Gallon	833567	833569	833571
275 Gallon	833567	833569	833571
400 Gallon	833568	833570	833572

Roth Components Selection

Panther 3:1 pump
Panther 5:1 pump
Lynx 3:1 pump
Lynx 5:1 HD pump
Classic reel, 30' or 50'
Evolution reel, 30' or 50'
All Control handles

We hope this addition will give you added flexibility to order these tank packages in any configuration you require.
