

The Keg 27 Gallon Gravity Drain- Camlock

Used Fluid Equipment

Designed for efficient used OIL or COOLANT recovery. This new line of 27-gallon fluid drains offers versatile collection methods, utilizing our quick height adjustable funnel with an anti-splash screen for gravity draining. Model 4110-031 (Gravity & External Discharge) ships with cam-Lock sizes for both oil and coolant for seamless transfer and discharge via an external pump.

Features:

- One drain for either Oil or Coolant.
- All steel tank to guarantee long life.
- Steel drain bowl with anti-splash extended funnel.
- Tip resistant balanced design.
- High-quality powder coating for corrosion resistance.
- Packaged with 1" & 3/4" Cam-Lock nipple and decals to label the drain appropriately.
